and

Shawn King

Executive Producer 'Your Mac Life'

will present a Digital Photography Workshop:
Learn to Shoot and Edit Like a Pro!

No matter which camera you own, this informative and entertaining class will teach you how to achieve better shots in-camera, plus arm you with many creative editing techniques to use afterwards. In the first half of the class you'll learn the basics of camera operation and handling, which setting to use when, plus glean the secret to visually pleasing composition. The second half is devoted to editing wherein you'll learn the secrets to creating popular photo effects such as gorgeous grayscales, duotones, partial color, creative photo frames, collages, retouching secrets and more using Adobe Photoshop CS3, Elements, and iPhoto.

Saturday, March 29, 2008, 1 to 5 pm.
